With 25 years of relentless effort, the Malaysian Timber Council (MTC) is continuously driving a wave of change in the promotion of the timber industry. From trade promotion to nurturing the timber sector and enhancing our global engagement for the Malaysian timber industry, MTC is well placed to galvanise various integrated strategies that will bring the Malaysian timber industry to the next frontier.

In celebrating this momentous milestone, our commitment to contributing to the growth of the industry, engaging with key stakeholders and connecting the wider network are revitalised – and so has our dedication to uphold MTC's vision and goals. Our anniversary logo and tagline - *"ENGAGE, CONNECT and GROW"* not only aptly reflect our endeavours over the past 25 years, but also embody where we are heading in the years to come.

Championing the nation's timber promotion, we have our fingers firmly on the pulse of the industry. We build mutually beneficial relationships with our stakeholders, thus strengthening the bond and connectivity between the Malaysian timber industry and the global market. This, in turn, has made us a force to be reckoned with in the industry.

Celebrating our achievements would not be possible without the support of our employees and the industry as a whole. We thank each of you for being an earnest part of MTC for the past 25 years. Together - here's to many more years of continued growth and success!
