Understanding the SST

As part of its on-going efforts to assist timber-based manufacturers to further develop their business, the Malaysian Timber Council will be hosting a talk by the Royal Malaysian Customs Department (RMCD) on “Understanding the SST” and how the SST will affect the Malaysian timber industry.

The talk will be held at the MTC headquarters in Kuala Lumpur on 27 September 2018 at 9.30am.

The half-day programme is part of MTC’s Timber Industry Talk series where the Council organises talks and seminars on a regular basis to keep its stakeholders informed of developments as well as on issues that affect the timber industry.

As the Sales and Service Tax (SST) came into force on 1 September 2018, the Customs Department will be able to address first-hand issues pertaining to the SST, especially on the manufactured goods that will be subjected to or exempted from the tax.

Take a deeper dive into the SST as the experts from the Customs Department tell us what’s in store.
